

# Mobilizing Partnerships to Advance a Provincial Intersectoral Network on Trans-affirming Practice to Support Sexual Assault Survivors

**\*REMINDER\***

## Complete & Share the trans-LINK Research Priorities Survey

With the help of our Research & Evaluation Working Group, on March 25th, we were able to develop and launch our survey to determine research priorities to address and prevent sexual assault and IPV against trans/non-binary/Two Spirit persons in Canada.

As trans-LINK network members, we need your help to get the word out and ensure that Canada's first research agenda on sexual assault and IPV against trans persons is shaped by folks with the appropriate professional and/or lived expertise.

You are eligible to complete our survey [HERE](#). Please share widely in your professional and personal networks! The eligibility criteria for others are displayed to the right!

The success of the survey depends on you!
